

Gecko Websites

At HotLizard we pride ourselves on delivering the very best in recruitment websites from bespoke design and development through to our flexible off-the-shelf Gecko platform. Whilst other suppliers offer basic and cheap recruitment website software, HotLizard understands that whatever your company size and budget, it is important that your website is professional and enhances your branding.

HotLizard's Gecko Recruitment Website has been designed to be search engine friendly. Our SEO team has implemented refined information architecture to enable better search engine visibility.

As well as the standard recruitment website features you'd expect, Gecko also offers the choice to add extra features to ensure your website can evolve as new technologies are released. Here are some of the features available within Gecko:
